## Materials

Name	Company	Catalog Number	Comments
Fluorescein ALCON 10% injection solution	NOVARTIS	1467007	
External lumbar drain catheter Silverline	Spiegelberg	ELD33.010.02	
Otologic instruments (round knives, hooks, curette, sickle knife, microscissors and microforceps)	Spiggle und Theis		No further specification; instruments can vary between the clinics and their use depends on the surgeon's preferation
Surgical microscope ARRISCOPE 1.0	ARRI Medicals	NA	
<b>Consumables</b>			No further specification; material of the standard equipment of the operating clinic can be used
Water to rinse			
Antifog solution			
Cotton pads			
Cottonoid pledges			
Gown			
Gloves			
Mask			
Suction tubes			
Blade
