**Materials**

| Name                     | Company        | Catalog Number | Comments  |
|--------------------------|----------------|----------------|---|
| Trypsin                  | BD Biosciences | 215240         | Prepare 0.1% w/v solution in PBS and filter sterilize. Warm in 37 °C water bath before use.             |
| DMEM                     | Labtech        | LM-D1112       | Warm in 37 °C water bath before use   |
| Ham's F12                | Labtech        | LM-H1236       | Warm in 37 °C water bath before use   |
| Foetal Calf Serum        | Labtech        | FB-1090        |   |
| Epidermal Growth Factor  | R+D Systems    | 236-EG-200     | Prepare 200 µg/ml stock solution in 10 mM acetic acid, 1% FCS   |
| Hydrocortisone           | Sigma-Aldrich  | H0396          | Prepare stock solution in PBS and filter sterilize before use   |
| Adenine                  | Sigma-Aldrich  | A2786          | Prepare stock solution in PBS and filter sterilize before use   |
| Insulin                  | Sigma-Aldrich  | I2767          | Prepare 10 mg/ml solution in 0.01 M HCl, dilute 1:10 in distilled water and filter sterilize before use |
| Transferrin              | Sigma-Aldrich  | T2036          | Prepare stock solution in distilled water and filter sterilize before use                               |
| Triiodothyronine         | Sigma-Aldrich  | T2752          | Prepare stock solution in distilled water and filter sterilize before use                               |
| Cholera toxin            | Sigma-Aldrich  | C8052          | Prepare stock solution in water   |
| L-Glutamine              | Sigma-Aldrich  | G7513          |   |
| Penicillin-Streptomycin  | Sigma-Aldrich  | P0781          |   |
| Amphotericin B           | Gibco          | 15290-026      | Brand name Fungizone  |
| PBS                      | Oxoid          | BR0014         | Dissolve 1 tablet in 100 ml water and autoclave to sterilize  |
| Collagenase A            | Roche          | 10103578001    |   |
| Povidone-iodine solution | Ecolab         | 10830E         | Brand name Videne   |
| Ethanol                  | Sigma-Aldrich  | E7023          |   |
| Chelex 100               | Sigma-Aldrich  | C7901          |   |
| Newborn calf serum       | Gibco          | 26010074       |   |
| Progesterone             | Sigma-Aldrich  | P8783          | Prepare stock solution in DMEM and filter sterilize before use  |
| Ethanolamine             | Sigma-Aldrich  | E9508          | Prepare stock solution in DMEM and filter sterilize before use  |

|                                      |               |               |  |
|--------------------------------------|---------------|---------------|--|
| Hydrocortisone                       | Sigma-Aldrich | H0888         | Prepare stock solution in DMEM and filter sterilize before use use   |
| O-phosphorylethanolamine             | Sigma-Aldrich | P0503         | Prepare stock solution in DMEM and filter sterilize before use   |
| ITS (insulin, transferrin, selenium) | Lonza         | 17-838Z       | Used for composite media preparation   |
| Trypsin-EDTA                         | Sigma-Aldrich | T3924         | Warm in 37 °C water bath before use  |
| EDTA 0.02% solution                  | Sigma-Aldrich | E8008         | Warm in 37 °C water bath before use  |
| T75 culture flask                    | VWR           | 734-2313      |  |
| 50 ml centrifuge tube                | Fisher        | 11819650      |  |
| 15 ml universal tube                 | SLS           | SLS7504       |  |
| 180 ml pot                           | VWR           | 216-2603      |  |
| Petri dish                           | SLS           | 150350        |  |
| 6 well plate                         | VWR           | 734-2323      |  |
| stainless steel rings                |               |               | Manufactured in house - medical grade stainless steel, internal diameter 10 mm, external diameter 20 mm          |
| steel mesh grids                     |               |               | Manufactured in house - sheets have 0.3 cm diameter holes, bent to produce grid 2 cm (w) x 2 cm (d) x 0.5 cm (h) |
| ki67                                 | Novocastra    | KI67-MM1-L-CE | Clone MM1. Use at 1:100.   |
| CK4                                  | Abcam         | ab9004        | Clone 6B10. Use at 1:200.  |
| CK14                                 | Novocastra    | LL002-L-CE    | Clone LL002. Use at 1:200.   |
| Involucrin                           | Novocastra    | INV           | Clone SY5. Use at 1:100.   |
| OE21                                 | Sigma-Aldrich | 96062201      |  |
| OE33                                 | Sigma-Aldrich | 96070808      |  |
| Het-1A                               | ATCC-LGC      | CRL-2692      |  |
| Mouse 3T3 fibroblasts                | ATCC-LGC      | CRL-1658      | previously growth arrested by irradiation (60 Gy)  |
